Ancient Mesopotamia Portrait Of A

Oppenheim's foundational work Ancient Mesopotamia, Portrait of a Dead Civilization, is a detailed account of the civilizations that grew out of Sumeria and set a pattern for all the civilizations that followed in the near east, but that does not mean it is easy to read or that the contents are not out of date. And that is the problem.

Amazon.com: Ancient Mesopotamia: Portrait of a Dead ...

Ancient Mesopotamia: Portrait of a Dead Civilization presents a challenging read for anyone interested in the nations of Assyria and Babylonia, not because the information presented is erroneous or out-of-date, but because Oppenheim is brutally honest about the state of our knowledge on Mesopotamia, and the dangers of jumping to speculative conclusions. Oppenheim's work is not for those who are prone to flights of fancy.

Since its first publication in 1964, Ancient Mesopotamia has remained the most distinguished presentation of the civilization of Babylonia and Assyria. As a distinguished scholar and linguist who spent more than thirty years studying the cuneiform tablets, Oppenheim offers reader a personal picture of the Mesopotamians of three-thousand years ago.

Ancient Mesopotamia: Portrait of a Dead Civilization | The

...

A. Leo Oppenheim's most famous work is Ancient Mesopotamia: Portrait of a Dead Civilization. His attempt to reform the field, embodied in Assyriology— Why and How?, was taken personally by some other Assyriologists. Its tone of pessimism at the impossible prospect of reviving a living understanding of Mesopotamian culture belied his personal optimism and sociability.
