The beneficiary designation takes precedence, or as one poker player put it "the beneficiary designation trumps the will." What if you don't name anyone on an IRA account? It is important you update your beneficiary designations to reflect your current wishes so state laws don't determine who receives the benefit.

The prime mission of the Air Force Medical Service (AFMS), like those of the medical departments of its sister services, is to provide medical care during wartime. AFMS currently runs three successful in-theater hospitals that treat severely injured or wounded U.S. personnel from all four services.
