CCBA, are both credentials offered for business analysts. While they have a lot in common, there are also some key differences. Here are the ways the two certifications are alike and how they are different.

The CBAP and CCBA Are Alike But Also Differ

If you can meet the experience requirements for the CBAP, I would recommend pursuing it instead of the CCBA. If not, then consider the CCBA as an interim certification and, provided you are still leveraging your business analysis skills and expanding your business analysis experience, work towards qualifying for the CBAP before your recertification period.

Should I Pursue the CBAP or the CCBA?

CCBA ® recognizes skilled BA professionals who have two to three years of practical business analysis work experience. CBAP ® recognizes
