One of the main enhancements to IronCAD 2018 is the process improvements for bulk drawing creation.

IronCAD Update Enhances Bulk Drawing ... - Engineering

Technical Drawing/Detailing Improvements—IronCAD 2020 focused heavily on improving the speed from taking 3D Designs into production drawings ready for manufacturing. Speed improvements in creating and editing dimensions with quick access to dimension properties, Automatic Break Line support, Overall View Dimensions, 2D Catalogs support for reusable Annotations, and Spell Checker are included.

IronCAD Launches Design ... - Digital Engineering

As part of the IronCAD Gold Partner program, Dosch Design delivers sample High Dynamic Range Images (HDRI) that can be used in IronCAD's/Inovate's Advanced Realistic Rendering free of charge. These sample images include both high and low resolution that can be used for accurate reflections or for lighting sources.

IRONCAD

Using IronCAD's finite element analysis (FEA) tools, each component in the assembly was tested, and when errors that would affect the performance of the track were found, the design was slightly modified. "One of the best parts about IronCAD is the fact assemblies are so easy to use," said Saucier.

IronCAD Design Collaboration Suite vs ARES Commander ...

Some day in the future, it will be common for engineers and designers to create 3D models, and annotate them with 3D GD&T. And never create drawings. But for now, we all love our drawings. The good 3D MCAD systems all support the semi-automatic creation of drawing views from 3D models, as well as model-to-drawing associativity of dimensions.

Free CAD Software for Engineers and Designers

Many Technical Drawing/Detailing Improvements – IronCAD 2020 focused heavily on improving the speed from taking 3D Designs into production drawings ready for manufacturing. Speed improvements in creating and editing dimensions with quick access to dimension properties, Automatic Break Line support, Overall View Dimensions, 2D Catalogs support for reusable Annotations, and Spell Checker are among some of the many improvements added to improve the process.
