### **Gulp: Adventures on the Alimentary Canal by Mary Roach ...**

This book is an exploration of human digestion. Few of us realize what strange wet miracles of science operate inside us after every meal. In her trademark style, the author investigates the beginning, and end, of our food, addressing such questions as: why crunchy food is so appealing, why it is hard to find words for flavors and smells, why the stomach doesn't digest itself, how much we can ...

### **Gulp: Adventures on the Alimentary Canal | IndieBound.org**

In “Gulp,” Mary Roach takes readers on an entertaining ride along the alimentary canal.

### **‘Gulp: Adventures on the Alimentary Canal’ by Mary Roach ...**

I expected a systematic journey through the alimentary canal but what I got was much more eclectic and much more entertaining. Mary Roach has a journalist's instinct for a good story and although the focus is on science there are elements of history and anthropology in this book.
