Shrinking history : on Freud and the failure of ...

Psychohistory is the marriage of history and psychology, with the aim of developing a discipline to study the motives and purposes of individuals and groups during important moments in history. As such, it has leaned heavily on psychoanalysis as the psychological member of the partnership, and, as is often the fate of new disciplines, it suffers from superficial and irrelevant findings.

And if not, why this one in particular? There is no appeal to a court above that of reason.-Sigmund Freud, The Future of an Illusion PREFACE Preface

SHRINKING HISTORY, On Freud and the Failure of ...

Psychohistory --- the application of psychoanalysis to individuals on the basis of historical records --- was always one of the more dubious-looking wings of the house that Freud built, and now (though The Psychohistory Review continues publication) it is surely nearing extinction; those who would in the past have been tempted by it now psychoanalyze the historians, or the historical records themselves.

David E. Stannard, Shrinking History - bactra

Freud first used the word around 1895, and by the 1920s psychoanalysis was a phenomenon to be reckoned with in the United States. How it gained such purchase, taking hold in virtually every aspect of American culture, is the story Lawrence R. Samuel tells in Shrink, the first comprehensive popular history of psychoanalysis in America.
