...

Ink-up the T-51 system. Apply a small amount of ink directly to the dampener oscillator. Idle the press for about 1 minute while watching roller operation in the dampening system. If everything appears to be normal, proceed to setting the stripe from the water form roller to the plate. This is done in the exact same manner as prior to ...

Townsend T 51

First I want to thank anyone who reads and/or responds to this puzzling issue I have with my Townsend T-51 Colorhead for the ABDick 9800 series. I was working on adjusting the forms according to the manual I was able to level the rollers just fine, but after I tried to increase the pressure to the 4.5mm and test it, the form would slip out of ...
