All PVRs can be used in an XtraView setup, although the SD PVR can only be used as a secondary decoder and cannot be linked with any of the single view decoders. Apart from the decoders, MultiChoice recommends the use of an 80cm dish and a quad LNB for all new XtraView installations to future proof your installation.

XtraView Installation & Setup Instruction | PTA DStv

The DStv Explora is XtraView capable and can be linked with any other XtraView capable decoder. If you already have XtraView and are replacing one of the decoders with the DStv Explora, you must FIRST contact MultiChoice to break the link between the existing XtraView decoders BEFORE disconnecting the cable that links them.

The cost of installing DStv extra view varies with the complexity of the DStv set up. So, on average, the cost ranges between R300 and R350. However, the type and number of decoders determine the price. New decoder models require less cabling than old decoders since they do not use the communication cable. So, if you have new decoders, the ...
